

2005 Southeastern Cotton Gin Technology Workshop

You are cordially invited to the 2005 Southeastern Cotton Gin Technology Workshop. At this workshop, we will cover drying system techniques, air system design, air quality compliance, humidification applications, moisture sensing and automatic control, and fiber quality measurements. This one day workshop is offered at no charge to you as a special service from Dixon Services. Please call to find out more information or to reserve your spot at the workshop. We hope to see you there!

Date: August 10, 2005
Location: Quality Gin Dunn, NC
Time: 8:00 am - 4:00 pm
Call: Rafe Dixon at (803) 983-0179
